

Dear RecLiT applicant and parent,

Thank you for your interest in the City of Oak Ridge Summer camp Recreation Leader-in-Training Program. Please read the attached policies carefully to determine whether or not you or your child is eligible for the program. If you feel this program is right for you please follow the instructions for the application process carefully. Communication regarding the program should be between the applicant and City of Oak Ridge representatives. Parents should feel free to assist their teen but please remember that we are looking for candidates who are independent, mature and self-motivated.

Each RecLiT session coincides with two regular camp weeks. You will have the opportunity to request the session or sessions that you prefer on the application. Working with the summer camp is a part of the training program and there will be no compensation for time worked. A registration fee of \$85 per two-week session will be charged to each applicant upon acceptance into the program. The registration fee will cover training materials, staff shirts, admission to field trips and travel expenses. RecLiT participants must provide their own lunch each work day unless they participate in the ETHRA free lunch program which is available for anyone under the age of 18. Free lunches are only available on non travel days. Meals are sometimes provided as a part of training or camp special events and theme days.

If you have any questions, please contact me via email at psloan@cortn.org or by phone at 865-425-3443.

Sincerely,

Pat Sloan, CPRP
