CONTINUING THE VISION

Greenways and Greenbelts in Oak Ridge

Oak Ridge greenways are reminiscent of the "greenbelts" envisioned by the City planners. Originally, certain areas were set-aside as greenbelts, providing sanctuaries for wildlife, native plants and opportunities within the City, to enjoy nature in an unspoiled setting. This tradition continues today as surplus property becomes available from the Federal Government for development and recreational usage.

Oak Ridge has 48 greenbelt districts comprising approximately 1,566 acres.

Greenways seek to continue that tradition by providing residents a quiet, pristine atmosphere. Some greenways are actually laid out within existing Greenbelts.

The Oak Ridge Greenways project is an effort to weave natural corridors through the City to community resources such as parks, schools, cultural centers, shopping areas, and areas of employment. The greenways are founded on three principles. First, where possible, the greenways follow natural corridors such as floodway zones or existing right-of-ways thus reducing conflicts with private land holdings. Second, the greenways are conceived as interconnected loops. Finally, the greenways are conceptually designed to connect those areas and resources which are of value to Oak Ridgers and which distinguish Oak Ridge as a special place in which to live.

Oak Ridge has dedicated 13 greenways to date and plans to continue the network into a system of trails, walkways, and bike trails.

GREENWAY USAGE

Guidelines

- Everyone is encouraged to use the greenway trails during daylight hours.
- Pedestrians, bicyclists, and skaters share many greenways.
- Bicyclists and skaters must always yield the right of way to pedestrians.
- Bikers are reminded to pass on the left.
- Pedestrians and handicapped individuals have the right of way.
- Use caution when wearing headphones, as you may not be as alert to traffic and other activity around you.
- Travel on the right side of the trail.
- No horses or motorized vehicles are permitted, other than motorized wheelchairs and official government vehicles.
- Pets must be kept on leashes and droppings must be removed.
- Skateboarding is prohibited.
- Prevent vandalism, take your valuables with you or lock them securely in the trunk of your vehicle.

STAYING SAFE

Greenway Usage

These trails are provided for your use and enjoyment. While efforts have been made to minimize hazards, trail users should be aware that despite efforts, some hazards might exist. These include, but may not be limited to the following: uneven or slippery trail surfaces; fallen trees or other trail obstructions; tripping hazards due to holes, rocks, invasive vegetation, vines, saplings, tree stumps or other debris and poorly marked trails due to damage or theft of trail markers, blazings or other signs.
