

TRAFFIC AND SAFETY ADVISORY BOARD
Minutes
June 20, 2017

APPROVED

The June meeting of the TSAB was held at 7:00 PM on Tuesday, June 20, 2017 in the training room of the municipal building (room 104). Meeting was called to order at 7:06 PM

Present were:

William Polfus, Jane Shelton, Jana Humphrey, Marty Adler-Jansy, Roger Flynn, Andrew Howe, Melissa McMahan

Absent were:

Hannah Oran
Ilona Kazocha
Halfen Hoyt

1. Minutes from the May 16, 2017 meeting were approved unanimously.
2. Issues or concerns

Indian Place and Independence have been repaved and the neighborhood is happy. Some areas have had a delay since there were unforeseen circumstances such as water main breaks, but it is the intention to replace the utilities under before repaving. Streets are selected from several different pieces of information to verify the prioritization.

There is still an issue with overgrown trees on sidewalks near fire department and Enterprise Rental. Trees are growing quickly and expanding and keeps pushing walkers further out due to hanging over sidewalk. Roger is going to share that information with the appropriate area.

At the intersection of Hillside and Highland there is a large bush that is making it difficult to navigate that intersection around.

The intersection of Wisconsin and the Turnpike can be difficult to navigate; turning onto the turnpike and driving on the turnpike and not understanding a residential road is there. Jane shared that on Oak Ridge highway, as you're coming towards Oak Ridge they have put up a flashing light with a street name on it. Discussed if this might be something to consider for Wisconsin to alert to a residential entrance.

3. City Blueprint

The Woodland area just had their session; the next area is Emory Valley and Country Club on July 13th and 27th. The next groups should be West Outer from about Louisiana out and then the other group will be the areas near the lake – Rivers Run, Centennial Bluff, Park Meade. Scarborough may be a bit later on the list since they went through all of the preschool move meetings.

UNAPPROVED

The focus of Woodland seemed to be:

- School traffic issues
- Slowing down traffic for pedestrians and pets
- Traffic signal suggestions
- Street repairs
- Sidewalk repairs and upkeep

TSAB discussed that they are more than willing to attend any of the public sessions; just need the schedule so we can arrange to have some board members in attendance. Jane is going to mention that in the upcoming community sessions.

Roger mentioned again that the striping will take place once the paving is completed.

4. Additional business

No additional business

5. Request for new business items or future briefings

Roger will find out who manages the city bus.

TSAB asked for additional information on the proposed roundabout. TDOT is going to fund the majority of the actual construction. They do have conceptual drawings all the way down to traffic markings, size, turning radius, etc. which we would like to be able to review.

6. The meeting was adjourned at 8:40 PM.

Melissa McMahan
TSAB Secretary
