  2. Issues or concerns
    - Hannah shared that there was a recent accident in the area behind Kroger. There was some discussion as to visibility; Roger said he'd gather information regarding the intersection and potentially the accident if he could.
    - We asked how the repaving was going since there have been delays experienced due to pending litigation with the provider. Roger shared that the paving was supposed to happen and he'd been issued the notice to proceed. The hopeful end date for the project is 6/30/17.
    - Board members shared information regarding specific problem areas which included work on Normandy (potentially for a replacement culvert), New York to Tyler in front of the hospital, Hillside from Highland down to Henley, Vermont near St Mary's.
  3. Response to City Blueprint
    - All board members received a copy of the City Blueprint comments; the area of focus for TSAB was the transportation section. By 4/10, we have to provide to the city how our board will participate in the blueprint process; we assess the areas we are to focus on and how.
    - Hal shared that Bill had suggested we form a small sub group of a few TSAB members to establish framework for discussion at the next TSAB meeting which is now being held on 4/4 to that the 4/10 deadline can be met.
    - The sub group scheduled to meet on Saturday, 3/25 at 930 ATM at the Unitarian Church on the Turnpike in one of the meeting rooms. Those that volunteered to participate were:
      - Hal Hoyt
      - Tom Carney
      - Melissa McMahan
