Absent were:

Roger Flynn
Marty Adler-Jansy
Hannah Oran

1. Minutes from the April 4, 2017 were approved unanimously.
2. Issues or concerns

A general discussion of the circumstances causing the city to have to cut down infected trees on the main roads took place.

As had been brought up in our last meeting, the seniors had shared concerns that there was insufficient signage indicating the new location of the senior center. New signs have indeed been constructed; however, they seem to be pointing to the field adjacent to the civic center versus to the civic center entrance.

There is a tree at the corner of Hickory and Hillside that is blocking the view of oncoming traffic and might be a situation that needs to be addressed.

3. City Blueprint

There was an open house in the Woodland neighborhood that TSAB found out about too late; concerns were expressed as to if we needed to make sure and attend all of those type of sessions or not. Luckily Jane Shelton was able to attend and shared that the turnout was good and the discussions went well.

Items that seemed to arise from those discussions were focused on traffic signals, speeding in the neighborhood, public transportation, school zone traffic items and new housing.

Bill took us through the blueprint document that we submitted, to group the items into more conclusive statements. TSAB members are to read through that document, provide feedback by the next meeting.

4. Additional business

Dilapidated housing was brought up, as to how that process flows.

5. Request for new business items or future briefings

It was requested to add the potential addition of a roundabout to our agenda for the next meeting. Also, we're in need of an additional board member since Tom Carney had to leave the board due to his move.

6. The meeting was adjourned at 830 PM.
